WEDDING VIDEOGRAPHY 2022

We currently offer **3 WEDDING PACKAGES**; which are the **HIGHLIGHT, FEATURE** and **LIVE STREAM** package here at Intentional Visuals LLC. The packages will come standard with **1 Videographer (2 for Live Stream), 6K video recording (1080p FHD for Live Stream), 6 hours of wedding coverage** (ceremony to reception), **audio recording with Lav mic, 5 Blu-Ray discs, 1 video edit** and **full wedding video digital copy** of the wedding.

HIGHLIGHT PACKAGE

In the HIGHLIGHT package, the 1 video edit you will receive will be the HIGHLIGHT edit. This edit will be between 4 - 6 minutes in length and will compress your wedding with all the best parts of your day with music to match and stunning slow motion for a cinematic touch.

FEATURE PACKAGE

In the FEATURE package, the 1 video edit will be longer in length, between 10 - 30 minutes, adding more wedding audio, from vows to speeches, and longer cuts for a more personal documentary feel. We also capture guest words, and interviews.

LIVE STREAM PACKAGE

The LIVE STREAM package includes us live broadcasting your **ceremony** and first **3 hours of reception** via your personal Facebook page and/or group you've created for privacy, and we can simultaneously stream to our Youtube for anyone who does not have Facebook. For seasons like this where there is a pandemic and cuts in the guest list or restrictions at venues, your guest can still attend right in the safety and comfort of their own homes!

QUALITY is 1080p FHD and with 2 videographers.
